

For more information about this or any other NAF product or bespoke advice about your horse's specific needs please call us on **FREEPHONE support 0800 373 106** or look up product details on www.naf-equine.eu/uk

Introduce gradually for tussy feeders.
One 20 ml scoop provides approx. 10g.
A 900g pot fed at 30g per day will last approximately 30 days.
Store in a cool dry place. Replace lid after use.
A complementary feed for equine use only.

M Power
Feed as part of a regular training regime to support healthy muscle power and function, and help develop fitness and stamina. Recommended for performance, working and young horses, and to optimise muscle integrity when returning to work.

Feeding Instructions Add to daily feed ration. Feed M Power for a minimum period of four weeks before re-assessing muscle health and condition.

	per day	9 scoops per day
